Abstract

Abstract text goes here, justified and in italics. The abstract would normally be one paragraph long and should provide a description of the special session that can be used to advertise it to the conference participants. This template provides the headings that should be used. All submissions must conform to the format and presentation requirements described here and at the submission site. All uploaded submissions must be in PDF format. Please open the PDF file before uploading it to make sure that the conversion was successful.

Introduction

This section should describe the main topic of the special session, providing motivation and justification for it. More text of an additional paragraph, with a figure reference (Figure 1) and a centred figure and caption. Figures need to be placed as close to the corresponding text as possible and not extend beyond one page. This sentence has two reference citations [1, 2]
